

Our daily choices and actions impact the environment around us and have consequences for future generations. By committing to take new actions (recycling, reusing, reducing, upcycling, etc.) that help preserve our planet, we can all make a difference. Brainstorm words or phrases related to your new commitment to make a positive impact on the Earth or Hawai'i nei in the box below:

Now write a mele (song) or poem incorporating some of the words you came up with. If you write a mele, just write the lyrics, you don't have to write the music that would go with it (but you can if you want to!) The goal is to either:

a.) share your commitment to taking new actions to help Hawai'i or the Earth as a whole, or b.) encourage others to take new actions to help Hawai'i or the Earth

Send us a video of you reading your poem or singing your mele for a chance to be featured on the Holomoana website! Email it to ittraining@ksbe.edu.
